FEDERAL GOVERNMENT'S \$1,600 REBATE CLAIM FORM NOW AVAILABLE

Go to www.hotwaterrebate.com.au for your copy. The Government is now accepting correctly received application forms. Remember to allow 8-weeks for payment.

NSW REBATE EXTENDED FOR TWO YEARS!

The existing NSW rebate has now been **extended for another 2 years, until 30th June 2011**. This rebate is in addition to the RECs rebate and the Federal \$1600 rebate, meaning total possible rebate amounts as high as **\$4680!** The NSW rebate is available for Solar and Heat Pump installations (which attain a minimum of 20 RECs) as well as 5 star gas units (\$300 rebate only).

WHERE DO I SIGN?

In order to be eligible for both the Federal and NSW rebates, your solar or heat pump hot water system (minimum 20 RECs) installation must meet the following requirements:

1. Must be replacing an Electric Storage Heater (which has been installed for more than 12 months) in a residential dwelling
2. Must be installed by a licensed plumber
3. Must be installed in a principle place of residence and you must not be applying for the Government's 'Insulating Australian Households' Rebate (\$1600 rebate condition only)

For full terms and conditions you should consult the www.hotwaterrebate.com.au website
